#### CARDINALS' BANK IN ROME.

Branches for Use of Catholies Will Be Established Throughout the World.

ROME, Jan. 9 .- The Bank of St. St. Peter has been established in Rome, under the direct supervision of the cardinals and by authorization of the vatican. The circulars which have been sent out to all the Catholic dioceses throughout the world announce that the bank is to be conducted in the special interest of those professing the Catholic religion.

The institution has already received

authorization to establish agencies in nearly all of the South and Central American countries, and is enkeavoring, through the church, to establish a similar branch in the United States. The plea for entering the United States is that the bank is to be used chiefly by Italians and will afford a safe and secure place for them to deposit their money and transact their banking business and transmit funds to their relatives in Italy.

### LANDSLIDE CAUSES A WRECK

Train on the Missouri Pacific Goes Into a Ditch Near Jefferson City.

JEFFERSON CITY, Mo., Jan. 5 .- The Missouri Pacific express train which left KansasCity at 10:40 o'clock Tuesday night for St. Louis was wrecked one mile west of here at 4 o'clock yesterday morning. The wreck occurred on a piece of track thirty feet above the Missouri river. On one side was a high cliff; on the other the Missouri river The wreck was caused by a ston which had rolled down from the bluff on the track. As the engine struck the stone, the engineer, Charles Claw son of Washington, Mo., and the fire rush for her property. The Abilene man, William Zoll of Sedalia, jumped engine rolled off the track into the isfy a note for \$1,900, given by her river, crushing to death the two men

All the cars with the exception o the rear sleeper, left the track, run ning into the face of the cliff. Had they left the track on the river side they would have gone into the water and many of the ninety passengers would have been drowned. None of the passengers was seriously injured, though they were bruised by the sudden stopping of the train. The train suring Congressman-elect Roberts of was running at the rate of forty miles an hour when it was wrecked.

Had the cars rolled into the river none could have escaped. Those who could have withstood the effect of the fall must have been drowned,

One explanation of the engin cillo, who is in Washington as the rep- and cars going in opposite directions is that the locomotive turned so suddenly that the solid heavy footboard the United States as such and to be of the cab acted as a lever and threw the tender and cars that followed in the opposite direction from itself.
